## CLUB NOTES

Creekside showed very well for the Danny Dwyer Golf Classic. They ended up raising about \$25,000 for St. Jude's Children's Hospital! A big thanks to the members that played and also a special thanks to all who volunteered: Bill Burich, Mary Holley, Ellen Vaterlaus, Dennis Legan, Sue Legan, Jackie Stuart, Diana Delashmutt, Corban Golfers, and my awesome chairman Brian Delashmutt. It was a long hot day but thanks to all of you for your hard work! For those that missed out, at the conclusion of the tournament we were treated with a one hour long concert on the driving range with country great Drake White. He was AWESOME! Drake wants to come back and he loved Creekside and all the people he met. Mark it on your calendar for next year, Monday, August 6th.

August turned out to be a great month for the Club staying very active. September will be another very busy month with the Legends Cup, Creekside Cup, The New Champions Cup (Legends vs. Creekside Cup'ers),

and the year-end events for WGA, SGA and MGA.

The Junior program was our biggest ever! (Great sign for the future)! Many thanks to Tim Hammer and Dominos for donating all the pizza and bread sticks for the Junior Club Championship again this year. we had our first Junior Golf Banquet and Awards ceremony. See page 9 for the winners and pictures. Next year we plan to move to an evening...probably Friday night, but we will have more details later.

Feel free to ask me about next year's program plans when we cross paths at the Club.

Wild fires, record heat, solar eclipses.....what a month! The summer has really gone by too fast. I guess that is to be expected when there is so much going on. With that said, summer isn't over yet! There are still many beautiful golf and patio dining days left to go.

September is a busy month here at the club. Tournaments, weddings and even a quinceanera. We will be doing a wine pairing dinner with Willamette valley Vineyards on Wednesday September 20th. It will be a five-course dinner with wines to pair each course that will be limited to the fifty people to reserve a spot. This event should fill up quickly so don't wait to sign up.

I have had many questions about when we will do our Oktoberfest banquet this year. The date will be Sunday October 8th. We will feature many of the same dishes as last year along with some different options as well. This will be a reservation required event and there will be no other dining or pub service available that evening. Make your reservations ASAP!

My staff and I hope to make your time here at the club both enjoyable and memorable. Please do not hesitate to contact me for any special requests or even just to chat. Thank you all and I look forward to seeing you in the dining room!

## CREEKSIDE HAS A NEW SALES AND CATERING DIRECTOR!

Hello Everyone! I am very proud to call myself the New Sales and Catering Director here at Creekside Golf Club. My husband and I have been in the hospitality industry for over 30 years. We have managed restaurants, resorts and unique venues! Everything from steak houses, ski resorts and historic mansions. I love people and I love creating unique and fun life memories for people. Please drop by the office and introduce yourself or stop me in the pub for a chat. I truly look forward to meeting and getting to know each and everyone of you. Thank you for having me here.

Sincerely,  
*Tami Thompson*  
Catering and Banquet Director

## NEWS FROM THE CREEKSIDE PUB

We have had a great and very busy summer here at Creekside. We want to thank our members for a great year so far and look forward to seeing you in the pub the rest of the year. With Fall on its way Chef is putting together a menu that will keep you warm and cozy. Look for drink specials that reflect the changing seasons as well.

September also will see the return of Trivia Tuesday. No definite date yet but look for info on Facebook and other social media sites coming within the next two weeks. If you haven't tried Trivia at Creekside we encourage you to do so. The games are quick, fun and best of all the questions are multiple choice! With two games a night, you don't have to stay the entire time to have a chance to win like many other trivia nights.

## OREGON JUNIOR TOURNAMENT OF CHAMPIONS HELD AT CREEKSIDE GOLF CLUB

On **Saturday, September 9th** Creekside CC will welcome approximately 75 Oregon Junior Golfers to compete in Charlotte's Tournament of Champions. The tournament is invitation-only and will include top junior golfers in Oregon and SW Washington ages 8-18. To qualify for the event, junior golfers must win their division at an OJG Sanctioned Tournament during the summer. Charlotte's Tournament of Champions is an annual end-of-season celebration for these junior golfers to test their skills among other champions in their age division. Tee times will run approximately 11:30am - 4:30pm. The tournament is preceded by an optional skills contest on the practice facilities.

We are pleased to have Creekside as the host club for this event. Please mark your calendars to come out and watch these talented Junior golfers and plan your own tee times accordingly. **Members are able to make tee times from 7am-9:30am for Saturday, September 9th.** The rest of the day the course will be used for the tournament.

Be sure to watch Creekside's **Jonathan Scott**. Jonathan will be competing in the Tournament of Champions.

**Good luck from all the members at Creekside!!**

Congrats to our latest two Hole-in-One's.  
Both were on Hole #3.

# CREEKSIDE SWIMMING POOL

It was a great active year at the pool. I would like to thank Jeni Rossow and her staff from The Courthouse Athletic Club for their hard work on the swim team, swim lessons and lifeguarding.

The pool opened a little late this year due to the pool resurfacing. We usually close the pool on Labor Day, but this year we will close the snack bar and lifeguarding on Labor Day but keep the pool open with "Swimming at your own Risk" through September - weather permitting. Food and drink can still be purchased at the Pub except on Mondays.

Thanks for a great year!

## POOL RULES STILL APPLY

## TAKE ADVANTAGE OF OUR MEMBER SERVICE... **HAVE YOUR AUTO DETAILED WHILE YOU GOLF!**

**Friday's throughout the summer** we are offering a new service for our members. Set up an appointment to have your auto cleaned and detailed right at the course while you enjoy your time golfing. Grease Monkey will set up and offer Express Exterior and Interior services.

The **Exterior Service** will include a hand wash (waterless or traditional based on condition of the vehicle), clay bar treatment (if needed), hand dried, wheels and wheel wells cleaned, tires dressed, door jambs wiped out, glass cleaned inside and out.

Exterior Service: 2 door \$55, 4 door \$65, and SUV/Van \$75

The **Interior Service** will include, vacuum, all interior trim wiped down and dressed (dressed with a dressing that we make in house that leaves a nice clean matte finish that is not oily or sticky) glass cleaned inside and out, door jambs wiped clean.

Interior Service: 2 door \$35, 4 door \$45, and SUV/Van \$55

Note: All outside glass on both services will be treated with a rain repellent.

# AROUND THE GREENS

**Fall Aerification:** Fall is my favorite time of the year in Oregon. The cool crisp mornings with warm afternoons make for some of the best golfing weather. It is also a tremendous time to grow grass. The cooler days allow the turfgrass to begin to recover from the sweltering heat of summer. As we wrap up a very long dry summer the continuous days of low mowing, rolling and lots of golfing foot traffic combine to create the ingredients that can lead to unhealthy anaerobic turfgrass. These anaerobic conditions will lead to a shallow rooting system and create numerous other problematic issues that can be very detrimental to the greens overall health. This is why each year in the spring & fall we aerify the greens.

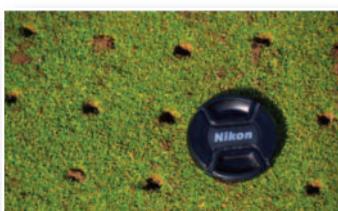

I would like to show you what this process looks like:

We aerify the greens using 5/8 inch side eject tines to create the holes in the surface about 4 inches deep.

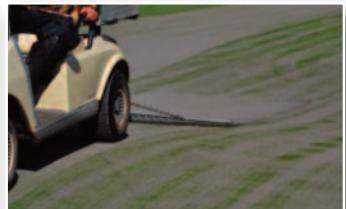

We then use a machine called a core harvester to pick up the plugs off the green. There is still the need of manual help to get it completely cleaned.

We finish the process by blowing the greens to get them completely clean before we begin the next step of sanding.

We use a machine that has a conveyer belt and spinners on the back to throw sand out on the green. The goal is to apply enough sand that will fill the holes without applying too much that requires a lot of removal time.

A drag matt is then used to drag the sand into the holes after it has dried. This is why good weather is so critical. We have to have dry sand in order to get it into the holes.

You can see here the finished product that we desire after the whole process is finished. The goal behind the aerification process is to relieve compaction on the playing surface.

surface allowing air and water to penetrate which enhances the environment to grow healthy roots. At the end of a summer golf season the greens become what we call "Sealed Up". The top layer is very compacted from 1000's of people walking on them, greens mowers, and rollers. When we are trying to grow this grass at or near 1000th of an inch, it is critical that we have healthy roots.

I hope you have a great golf season this fall...enjoy the great weather!!

# LAWN

## Renovation Time

For you lawn enthusiasts I have included an informational article that will help you renovate your lawn. This is by far the best time of the year to tackle this kind of project. Follow the steps and happy planting!!

Here is my 8 step formula for a fall renovation:

**Step 1.** Mow your lawn at normal height.

**Step 2.** Spray your lawn with round-up at 2oz per gallon of water. This rate is for the concentrated round-up product.

**Step 3.** If there is a considerable amount of Bentgrass in your yard you will want to repeat step 2 two days after before proceeding to step 3. 24 hours after you spray you will now want to thatch your yard. This is the most labor intensive step. If your lawn is fairly thatchy you will want to go across your lawn 2-3 times. Be prepared to rake up a lot of debris and to have some way to get rid of this material. The thatching process is used to help thin out your lawn so the new seed can make contact with the soil.

**Option B of Step 3.** If your lawn is not very thatchy yet has that typical mixture of grasses and you would like a fresh start I recommend this strategy. 24 hours after you spray move to step 5 and finish the following process. It will work. If you want to ensure better soil contact, rent an aerifier and aerify the lawn first after step 2 then proceed to step 5. (I may be trying this myself this fall on my lawn, so watch and see).

**Step 4.** I usually like to mow the lawn again at this point at a little bit lower height (1 1/4 inches) to help clean up anything that may not have gotten raked up (use the bag on your mower). Remember this grass is now dying so let's get rid of it. The more soil contact your new seed can get the better.

**Step 5.** You are now ready for seed. You will want to buy a Perennial ryegrass seed mixture. I prefer seeding fairly heavy (10-15lbs per 1000 square feet). So if your lawn is 2000 square feet you will want to use (20-30 lbs of seed).

**Step 6.** You will now mow your lawn one more time (with NO bag) at 1 1/4 inches. This will knock the seed down into the canopy of the existing grass that is left.

**Step 7.** Now fertilize your lawn with 16-16-16. Your rate should be about 7lbs. per 1000 square feet. So for a 2000 square foot lawn you will use 14 lbs.

**Step 8.** This is the most important step! Water! You will want to keep your lawn damp continuously for the next 7 days. Set up your irrigation clock so it comes on several times during the day to keep it damp. If you do not have an automatic irrigation system I do not recommend this whole procedure until late September.

I hope this may be of help to you lawn lovers. If you have any questions don't hesitate to stop me or email me at [super@golfcreekside.com](mailto:super@golfcreekside.com)
