This program is hosted by the New York State Association of County Health Officials (NYSACHO), the Westchester County Department of Health, and the Rockland County Department of Health, co-provided by the New York State Department of Health, Bureau of Immunization and coordinated by the University at Albany School of Public Health.

Funding for this meeting was made possible (in part) by the Centers for Disease Control and Prevention. The views expressed in written meeting materials or publications and by speakers and moderators do not necessarily reflect the official policies of the U.S. Department of Health and Human Services, nor does the mention of trade names, commercial practices or organizations imply endorsement by the U.S. government.

Meeting Objectives

1. Describe the standards for adult vaccination and describe the Vaccines for Adults Program for uninsured and underinsured eligible adults.
2. Describe new vaccine recommendations.
3. Describe the role of pharmacists in increasing the number of persons in the community that are immunized against communicable and preventable diseases.
4. Describe the benefits of using an immunization information system.
5. Describe methods to educate patients on the importance of Meningitis B vaccine.
6. Describe methods to educate patients on the importance of completing the HPV series.

Continuing Education Credits

Continuing education credits are available for this meeting. You are only able to receive credits commensurate with your participation. Certificates of completion will be given out at the registration table.
