

# July 2017

Katie's Kids Learning Center  
Room 8

## What's going on?

This past month we have been continuing our gardening project. We have talked about different types of gardening, like farming and what farmers grow. We also let the children explore different plants and vegetables to show them what happens when plants start to grow and what the outcome is.

## Up Next!

We are finishing up our gardening project and sliding into some more summer fun! We are going to start a Summer Olympics! With this nice weather we will be playing a lot outside and enjoying the sun. Parent volunteers are always welcome to come participate in these projects. Just let Miss. Rebecca or Miss. Kelly know!

## July Birthdays

Brock  
7/31

## Upcoming Events

No school  
7/4/2017
