

# TAKING STOCK AND NEXT STEPS NATIONAL SUMMIT HUMAN RIGHTS EDUCATION - PART II

There will be two expert panels composed of educators and representatives from the governmental and non-governmental sectors who are engaged in education and training for human rights. Panelists and participants will dialogue about existing practices, accomplishments and strategies for promoting human rights in curriculum, in teacher training, and in our schools and universities.

If you were involved in the UPR, we are still engaged and committed to HRE in the USA! The follow-up phase is essential and your participation valuable to realize the recommendations from the previous UPR cycle. If you weren't, it is also excellent period to participate as we will work on implementation and prepare for the midterm review.

**Thursday  
December 1st**

**2 pm-5 pm**

**National Education Association  
1201 16th Street NW  
Washington, DC**  
(Farragut North metro stop)

**FREE AND OPEN TO THE PUBLIC**
