

THINK+change, in partnership with Realm of Caring, presents

FINDING HEALTH

A Conference on the Intersection between Disability and Nutrition
July 28-29, 2018

Aurora, Colorado

Faculty – Meet Heather Jackson, CEO, Realm of Caring

Heather Jackson is the co-founder and CEO of the Realm of Caring Foundation (RoC), an internationally acclaimed non-profit primarily serving families who are dealing with life-limiting and chronic health conditions. The number of people her organization has served has grown over 10,000% since 2013, from 400 families served to over 45,000. Her “why” is her youngest son Zaki. After he journeyed from hospice to health using cannabis, she made it her mission to empower families who find themselves in the same position her family was in.

Heather has over 11,000 hours of research tucked under her self-taught belt, is a published researcher, author, and speaker and has presented in 6 countries. She is leading a movement to reimagine the way we think, talk, and respond to cannabis and hemp and the people who use it. Heather’s work has been featured on Dateline, New York Times, National Geographic, TIME, Good Housekeeping, 60 Minutes Australia, CNN with Sanjay Gupta to name a few.

Realm of Caring is a 501c3 high impact charitable organization that has grown to a team 15 full and part-time dynamos. They serve over 45,000 families from all over the world through their care center that speaks 5 languages and fields over 7000 inquiries monthly. They reach over 2 million people a month through their efforts and awareness monthly. RoC is doing innovative and first of its kind research with Johns Hopkins University collaborating on the largest registry in the US and launched both current and former NFL player research projects. RoC distributed over \$200,000 in grants to families in need. They also have aided in over twenty states adding cannabis legislation since 2014.

Because quality of life matters!
