

THINK+change, in partnership with Realm of Caring, presents

FINDING HEALTH

A Conference on the Intersection between Disability and Nutrition
July 28-29, 2018

Aurora, Colorado

Faculty – Meet Barbara Brett, Ph.D., CSU-Pueblo

Barbara A. Brett, Ph.D. is an Associate Professor in the Psychology Department at Colorado State University – Pueblo, in Pueblo, CO. She has a Ph.D. in psychology from the University of Colorado, Boulder. Her background is in behavioral neuroscience. Her research interests include epilepsy, autism, and cannabis. She has experience in numerous forms of physiological recording, including EEG and EDA. She is currently funded by the CSU-Pueblo Institute of Cannabis Research to conduct an observational study examining the effects of medicinal cannabis on seizures in adults with medically refractory epilepsy.
