

On the second day of **Finding Health**, you will have the opportunity to use your new-found knowledge, **personally.**

Yes, health looks different for each of us. So from 9AM-2PM on Day 2, you will hear from and interact with our Exhibitor partners in scheduled, repeated short educational talks about the services/products/roles they can play in your Finding Health journey. Too, you will have the opportunity to have one-on-one discussions (think resource fair-style) with these agencies/organizations/businesses.

## ***Meet with our list of representatives from:***
