

On the second day of **Finding Health**, you will have the opportunity to use your new-found knowledge, **personally.**

Yes, health looks different for each of us. So from 9AM-2PM on Day 2, you will hear from and interact with our Exhibitor partners in scheduled, repeated short educational talks about the services/products/roles they can play in your Finding Health journey. Too, you will have the opportunity to have one-on-one discussions (think resource fair-style) with these agencies/organizations/businesses.

Meet with our growing list of representatives from:

Colorado Department of Education

Chat with these representatives to understand medical administration in schools

CollegelInvest

Chat with these representatives to learn about medical cannabis funding options and limitations

Chanda Plan Foundation

Chat with these representatives to learn about services and system change to access integrative therapies for people with disabilities

Probate Power

Chat with these representatives to help you consider issues surrounding guardianship and probate administration

Vibrant Health Clinic

Chat with these clinicians about what balanced care in your life might look like and its advantages

Talk about product options directly with:

Charlotte's Web

Elixinol

Mary's Medicinals

Nature's Best

Learn about individual and systemic advocacy with:

Realm Of Caring

The Arc of Aurora & THINK+change
