RARE BEACHFRONT JEWEL - VIEWS, VIEWS!!

If you are after a rare jewel along the New Jersey beachfront — or any beachfront, for that matter — then take a look at this diamond along Sea Isle City's sedate north end. When it comes to scenery, this 4-bedroom, 2.5-bathroom side-by-side offers the Holy Grail of views: On one side, an unobstructed ocean/beach view to witness the sunrise from two decks; on the other side, an unobstructed view across Ludlam Bay to admire the sunset from two more decks. The priceless views come with a fabulous two-story living space that makes the most of its 2,000-plus square feet. The top floor received a fresh open-concept update that combines contemporary and classic beach decor, with a fully remodeled kitchen that has both an island and counter space that provide bar-seating options. Hand-scraped walnut floors in the living area and downstairs hallway bring texture & class, and you'll feel the quality when you open and close the solid hardwood doors installed throughout. The first floor houses the four bedrooms, with a master bed & private

bath on the bay side with a deck, and another bedroom leading to an ocean side deck. The property's pilings raise it enough to allow 5-6 vehicles to park underneath, with two more uncovered spaces in the driveway. The outdoor shower is large and enclosed, and there is a storage area that can handle bikes and beach accessories. The lot on the north side of the building is owned by the town and undeveloped. Properties like this are rare beauties! **\$849,000. DENNIS DEITCH - CELL: 215-275-0482**
