Mineral Wells – The Mineral Wells Airport plans to celebrate its 75 years of service in spectacular fashion from 9:00 a.m. – 3:00 p.m. on Saturday, May 19th with the Mineral Wells Airport 75th Anniversary Celebration! At 10:00 a.m. we will begin our ceremony and ribbon cutting with the Mineral Wells Area Chamber of Commerce & Visitors Bureau, officials from the Mineral Wells Airport Board of Directors, and a few other platform guests.

The celebration will not end after the ceremony, as we invite everyone to stay and explore the Mineral Wells Airport! With dozens of aircraft on display, informational displays, and local and visiting aviation enthusiasts present, there will be lots of things to discover, examine, and learn about.

Entertainment will be provided in the form of an American Legion Riders motorcycle show, a Brazos Cruisers antique car show, The Weatherford Civil Air Patrol, a Hanchey Leather Goods display, a National Vietnam War Museum display and a drone exhibit with demonstration flights! There will also be shopping opportunities, music, food trucks including Geno's BBQ and an aircraft fly over to lead off the program that begins at 10:00 a.m.!

The Mineral Wells Airport 75th Anniversary Celebration is a joint effort brought together by Wayne Sanderson, Mineral Wells Airport Manager, and Mary Creighton, Chairperson of this event. This celebration is also supported in part by the Mineral Wells Area Chamber of Commerce & Visitors Bureau.

This event is meant to celebrate the seven decades of service to Palo Pinto and Parker Counties, as well as the six adjacent counties, that have been provided by the Mineral Wells Airport, and instill a sense of awe and discovery within the community! With enough enthusiasm and interest from locals and visitors alike, this event could evolve into an annual event that celebrates the Airport and Mineral Wells together!
