

## THE LILES FAMILY

### So Grateful!

We are stateside for a few months resettling our kids. We moved our sons from Boston to our hometown in Missouri. Kent is studying full time continuing his college degree and is working. Ethan is working full time with a large nationwide company based locally and has a bright future ahead. Natalie is finishing her last semester of high school here and will graduate in May. We love these precious kids and God has been so good to us throughout their years in Italy. Their lives are nothing short of miraculous! As we move into this next chapter in life we are asking for God's grace, provision, and for wisdom as we all move forward. He has already opened some amazing doors and is providing daily. We are looking forward to our next years in Italy but we will miss these kids being with us daily. Thank you for praying for our family.

### The next 10 years

We are genuinely excited about what God is doing in Italy. We have joined in prayer with many others over the years to seek God for an awakening in Italy. Italy never experienced a reformation and instead is one of the least reached people groups in the world per capita.\* Although Covid-19 has been devastating in Italy this past year it has also produced open hearts like never before. Hearts have been prepared. We will faithfully share Jesus with anyone who will listen! Would you pray with us for an awakening in Italy that only God can bring? We have entered our second decade in Italy and have been encouraged by those who have gone before us that this will be our most productive decade. Most church planters in Italy spend upwards of 10 years just starting their first work! Thank you for your faithful support and prayers throughout the years. Surely God will hear our prayers and we will reap a harvest if we don't quit.
