

Norwescap Health Connections Presents:

Free Mammogram Event

For Uninsured New Jersey Women

Early detection is the best way to combat breast cancer.

We believe all women should get their mammograms done even if they are uninsured.

St. Luke's University Health Network, Norwescap Health Connections and Star Community Health are working together to offer **uninsured women, 40 years or older, living in NJ a free mammogram** to screen for breast cancer.

Staff will be on hand to help connect patients to a Primary Care Office for any additional care if needed. **Don't wait any longer, call us today to schedule.**

JUNE 6th

8:00 AM - 2:00 PM

Imaging at St. Luke's Hospital
Warren Campus
185 Roseberry St | Phillipsburg

Call to see if you qualify
& reserve your spot.
