

Children with special needs may face unique challenges with oral care. Please join us for a free educational session to learn strategies to support healthy teeth and oral hygiene in children with special needs.

This educational seminar will be provided by pediatric rehabilitative experts

- Occupational Therapist
- Physical Therapist
- Speech-Language Pathologist
- Board Certified Behavior Analyst

who will provide instruction and interactive demonstrations to support healthy teeth and prevention of dental issues.

Topics will include:

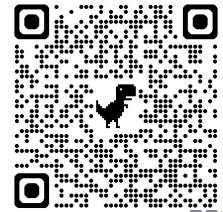

- *Sensory friendly care approach
- *Parent and caregiver partnership
- *Behavioral Strategies
- *Building Independence
- *Making oral hygiene fun
- *Parent/Caregiver Resource Guide
