RUTGERS

Project ECHO

Series Leaders:

- **Lucy Esralew, Ph.D.,** Psychologist, National Task Group Board member
- **Seth M. Keller, MD,** Past President, American Academy of Developmental Medicine & Dentistry (AADMD), Co-President National Task Group on Intellectual Disabilities and Dementia Practices (NTG), Chair Adult IDD Section, American Academy of Neurology (AAN)
- **Leone Murphy, APN,** Nurse Administrator, S-COPE, Trinitas Regional Medical Center, Department of Behavioral Health and Psychiatry, Founder and Co-Chairperson for the New Jersey Family Support Group for those who have IDD, Aging, and Dementia
- **John Nevins, DO,** Medical Director, Chatham Family Practice, Atlantic Health System

As individuals with IDD age, the challenges of providing culturally appropriate and effective health care become more complex.

Join an online training program and improve your skills to:

- Navigate the social determinants impacting the health of adults with IDD
- Obtain tools and strategies that help build effective relationships with your patients and their caregivers
- Recognize the changes associated with aging and improve patient linkages to community resources
- Join a learning community of families and caregivers empowering adults with IDD to live their best lives

What makes the Rutgers ECHO education model different?

Continuous Learning. Diverse Perspectives. Real-Life Examples. Dialogue with Experts. Mentorship.

In support of improving patient care, Rutgers Biomedical and Health Sciences is jointly accredited by the Accreditation Council for Continuing Medical Education (ACCME), the Accreditation Council for Pharmacy Education (ACPE), and the American Nurses Credentialing Center (ANCC), to provide continuing education for the healthcare team.
