

August 8, 2022

We thank you for being an advocate for our industry. As you know, the New Jersey motorcoach companies provide vital transportation services for commuters and tourists, alike. It also adds a significant economic impact to the State in taxes, tourism, service providers and provides sustainable employment for many residents, both directly and indirectly.

Our association works in cooperation with national and other state industry associations, local, state, and federal agencies, legislators, suppliers of products and services to the operators, attractions, destinations, and other entities to promote the betterment and welfare of our industry, members, and association objectives.

Benefits to our members include our advocacy efforts on legislative issues, discounted products and services, safety and regulatory-focused educational programs, a scholarship program and recognition award programs for drivers and other industry professionals.

It is important to us to keep our relationships up to date with our legislators who make critical decisions on our behalf. We also can provide valuable input on the topics you discuss and offer our advice and expertise to the conversation.

To this point, Michelle Petelicki, our Legislative Committee Chair, Board Member and owner of Panorama Tours and myself would welcome a meeting with you when you are back in Trenton. Please let us know if you are amenable to meeting, and if so, potential dates and times that work for you.

Sincerely,

A handwritten signature in black ink, appearing to read 'Patricia', is positioned below the 'Sincerely,' text.

Patricia A. Cowley
