For Immediate Distribution

I am pleased to announce that Peter Cohen has accepted our offer to serve in a newly created sales/marketing leadership role at EPIC. Along with these new responsibilities, he will assume the title of Managing Principal – Public Transportation.

In his new position, Peter has been tasked with the development of new market relationships and the cultivation of existing ones.

We will look to Peter to serve as the face of EPIC's Northeast public transportation team, guiding and coordinating EPIC's efforts at industry events and serving as EPIC's point person with the EPIC/Marcom team and deliver point of sale and prospecting tools that will tell the EPIC public transportation story in impactful and creative ways.

Peter will be able to draw on more than 40 years of public transportation experience to assist other producers in positioning and placing new business accounts and larger renewals with our markets. All of our producers are encouraged to use Peter as a resource as EPIC endeavors to grow its footprint in the public transportation space.

Please join me in congratulating Peter on his new and expanded role at EPIC Northeast.
