

## ALL ABOUT MRS. LESNER-SNYDER!!!

I just love to teach third grade! I have been a teacher for sixteen years now! My most recent position was teaching third grade at Christ King School in Wauwatosa for fifteen years. This is going to be a great upcoming year, and I look forward to working with you and your child! This third grade year will be a lot of fun as we delve into many interesting projects, and even perform some pretty amazing science experiments (a favorite of mine).

Here's a little bit more about me: I am married to my wonderful husband, Mike. We have been married for over thirteen years now! We moved last year to the city of Waukesha into a condo, and we just love the area! This summer, our family traveled to southern California together on vacation, and had a blast!

We are blessed with three wonderful children! Our oldest is William, who is going into seventh grade. He enjoys playing baseball, the Brewers, and building for hours with his Lego collection. We also have identical twins named Alyssa and Alanna, who are going into third grade this year. They love gymnastics, singing, and we still cannot tell them apart sometimes! They are a true blessing to us!

Having been raised in a Catholic home, I have been very involved with my faith since I was very young. I grew up attending St. Luke's Church in Brookfield, and my parents were very active in our Parish. Currently, my family and I are involved in our Parish at St. Anthony on the Lake in Pewaukee, where I've taught Sunday school as well. I've also volunteered at the Tosa Food pantry to assist the hungry.

Originally, I studied and earned my first degree in Social Welfare which was then followed by an additional degree in Elementary Education. The resulting career paths have both been fulfilling, but I've especially loved helping children learn new things and grow. This has been my true passion, and I am looking forward to starting my new journey at St. Jerome Parish this year. I can't wait to meet you all!

Sincerely,

Kristina Lesner-Snyder
