Children with an IEP may exceed income ceilings</p>

HBCSD Preschool Academy Programs are designed for ambulatory and independently toilet trained children. Our mission is to invite children into the world of learning using the California State Preschool Foundations as a catalyst for all areas – social, emotional, physical and cognitive. Our goal is to nurture and enrich a child’s total development and provided a solid literacy and mathematical foundation to create the building blocks for lifelong learning.

We believe:

- Children have enormous potential and curiosity
- Children benefit from intentional, age-appropriate instruction
- Children deserve a challenging, enriching learning environment

The Preschool Academy Programs offer an engaging learning environment designed to support the development of the “whole child”. Emergent curriculum adapts to the interests of the children and incorporates them as they plan, think, experiment and expand their ideas. Our child centered learning environments encourage exploration in science, mathematics, art, music and literacy. HBCSD Preschool Academy is the proud recipient of the 2018 Orange County Association for the Education of Young Children Outstanding ECE Program.
