

Columbus Regional Airport Authority's Business Diversity team is holding a public outreach meeting to review our proposed Rickenbacker International Airport triennial Airport Concessions Disadvantaged Business Enterprise (ACDBE) goal for fiscal years 2020-2022.

As required by the Code of Federal Regulation 49, Part 23, CRAA is developing its Rickenbacker International Airport triennial ACDBE goal and we invite the consultant and contractor community to join us as we network and share information about this three-year goal.

Representatives from the Ohio Department of Transportation will be available to answer questions about the ACDBE certification process and benefits of certification.
