

The Annual
Rev. Dr. Martin Luther King Jr.
Community Celebration
Virtual Essay, Poetry, Artwork Slam!
January 18, 2021

For the past few years, students from the River Towns used creativity to express their impressions of today's most challenging social issues. This year is all virtual, and although there is no contest; entries will be posted and recognized on the MLK Breakfast Event Webinar.

Given what we have been through in 2020- a pandemic, an economic downturn, racial reckoning- this year, we are asking students to keep Martin Luther King Jr.'s alive by submitting an essay, poem, art on the following theme:

"Reverend Dr. Martin Luther King, Jr. believed in a better future for our community, our country and the world.

What is your hope for 2021?"
