# 2020 Census - Time Is Running Out.

## Let's Do This!

The Village's response rate to the 2020 Census is **79.0%**. While this is good, we can and need to do better. There are only **15 days** left until the Census ends and we are asking for help to remind your friends, family members, co-workers, and neighbors to respond. Everyone who lived in the Village on April 1, 2020, needs to be counted—whether or not they are a U.S. citizen, whether they own or rent their home, whether they are a senior citizen or baby. It will take just a few minutes of your time and will mean so much for the Village. Go to [2020census.gov](https://2020census.gov) today to respond. We're only 1% away from achieving 80%. Let's do this!

**Remember, this is our last chance until the year 2030!** The more residents counted, the more money for our schools, roads, fire and police depts. and services for families, older adults, and children. Don't let the Village miss out on funding for critical public services. Every response matters and everyone counts!

Time is running out.
