Andrew Wendol

Director of Health, Physical Education and Athletics

September 24, 2021

Dear Hastings Community,

The Hastings-on-Hudson UFSD is committed to providing our students and athletes with a safe and healthy learning environment during school and during interscholastic athletics. As you know, we stepped up all efforts since dealing with COVID such as upgrading the ventilation system, supplying hand-sanitizing stations, and re enforcing mask & physical distancing efforts to name a few. We also modified water fountains to only be used as a water bottle refill station. As a friendly reminder, please have your child/ren **bring in a reusable water bottle with their name clearly visible on it.**

This small step will help with our efforts to keep our students and staff healthy throughout the school year and help do our part to help protect our environment. Please remind your child/ren not to share their water bottle with others.

Thank you for your cooperation and support in all of our efforts. Together we can get through anything.

Sincerely,

Hastings-on-Hudson UFSD Staff
