

# Five Towns: One Book

Bringing our communities together for an important conversation around **THE SUM OF US** by Heather McGhee

**A Discussion with Heather McGhee on March 27th at 2PM**

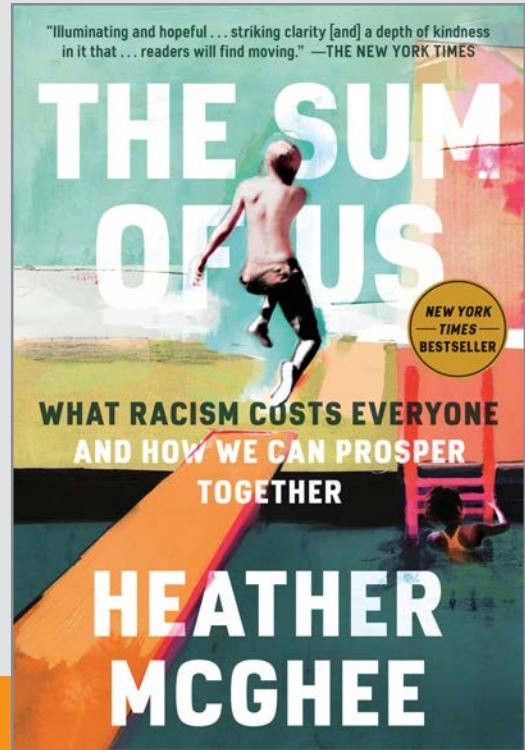

*Location details to follow. Virtual options will be available as well.*

NEW YORK TIMES BESTSELLER, LONG LISTED FOR THE NATIONAL BOOK AWARD *The Sum of Us* offers a powerful exploration of inequality and the lesson that generations of Americans have failed to learn: Racism has a cost for everyone—not just for people of color. McGhee embarks on a deeply personal journey across the country from Maine to Mississippi to California, tallying what we lose when we buy into the zero-sum paradigm.

Heather McGhee is an expert in economic and social policy. The former president of the inequality-focused think tank Demos, McGhee has drafted legislation, testified before Congress, and contributed regularly to news shows including NBC's *Meet the Press*. She now chairs the board of Color of Change, the nation's largest online racial justice organization. McGhee holds a BA in American studies from Yale University and a JD from the University of California, Berkeley, School of Law.
