Dear Families,

Our first day of our Green Hillside Orientation arrival was truly joyful. Staff members lined the circle and entryways to welcome our children. Students exited their cars happily. We even enjoyed seeing a kindergarten student dash across the sidewalk to greet his teacher. It is a wonderful feeling having our Hillside students back on campus.

Please note the dismissal reminders below:

### 1) Student Pick Up

- Kindergarten students ONLY will be picked up at their classroom or front playground door at 11:25 AM. Classroom teachers will transfer children from teacher to parent/guardian.
- **Grades 1-4 students will be picked up on the front field beginning at 11:30 AM. Please line up according to the [Dismissal Plan](#). Students in Grades 1-4 will be dismissed according to the [Student Pick Up Google Form](#). Please be sure that your child is signed out no later than 11:15 AM when the dismissal list will be PRINTED. In the future, we recommend completing the Student Pick Up Google Form in the morning at the same time that you complete the Health Screener.**
- All Student Pick Up families should exit the Hillside premises immediately after pick up. Gathering on the field or the playground will not be permitted for COVID safety reasons.
- Please remember to wear a face covering at Student Pick Up and maintain appropriate social distancing, if possible.

### 2) Circle Pick Up

- Circle pick up will begin at approximately 11:35 AM. All cars will be held outside the Hillside gates until Circle Pick Up begins.
- **Please be sure that you have a sign in the passenger side window or dashboard of your car with your child's name, grade, and teacher.** This will help us to move dismissal along both safely and swiftly.

Thank you for helping us keep our children safe!

Warm regards,

Amy Cazes and John DeKams
