

Who's Raising Our Kids? Nurturing Human Values in a Digital World

Sharon Maxwell, Ph.D.

Chelsea Maxwell, Ed.M.

When: Monday, March 28, 7:00 p.m.

Where: [Zoom](#)

From smartphones to video games, from texting to snapchat, media technology delivers to our children a new cyber environment, providing an infinite source of information, stimulation, and opportunities for communication. This environment is having a profound impact on how our children think about themselves and is changing the way our children socialize and communicate. How do we best use this amazing resource to enhance our lives? How do we keep it from shaping our children and undermining the values we want to impart?

This mother-daughter team shows parents how kids are using and abusing media technology and helps parents set balanced, realistic guidelines that bring the internet into alignment with family schedules and values.

Sharon Maxwell, Ph.D., is an award-winning author, educator, and practicing clinical psychologist. Chelsea Maxwell, Ed.M., is an educator, specializing in curriculum development. Together they bring their courses and workshops to parents and students internationally.
