October 13, 2021

Dear Hillside Families,

A power outage occurred at Hillside today at approximately 12:10 PM. Joseph Martorana, Director of Buildings and Grounds, was promptly notified. He and his team appraised the situation confirming that all of our safety systems were working properly. It seems that the system failure was coming from outside school grounds and that it impacted homes in the area as well. Part of the school still had electricity and Con Ed was contacted. Full power was restored at 1:30 PM. We thank our Buildings and Grounds staff for their support.

Thank you,

*Amy Cazes*  
Principal

*Michael LaRocco*  
Assistant Principal

*Joseph Martorana*  
Director of Buildings and Grounds
