Join the Department of Workforce and Economic Development and PA CareerLink® Bucks County for a WED Talk to discuss the benefits of apprenticeships. Throughout the Commonwealth, apprenticeships are helping businesses train qualified workers across a wide range of in-demand occupations, including careers in health care, information technology, transportation, and energy.

Tara Loew and John Tkach will provide an in-depth analysis of registered apprenticeships in Pennsylvania, focusing on group sponsorship, employee retention, investment and apprenticeship-related costs for employers, sustainability, and funding. After the presentation, attendees will have an opportunity to ask the experts about getting started with these innovative workforce programs.
