AI Regulations & Applications

IN CALIFORNIA

VIRTUAL TRAINING

Workforce Development Board
Contra Costa County

A NO-COST, VIRTUAL training open to all Employers in Contra Costa County!

Artificial Intelligence (AI) is reshaping how businesses operate at every level, including in the HR function.

Companies are now relying on AI tools to screen resumes, aggregate personnel data, evaluate performance, and make decisions. For HR leaders in California, staying ahead means not only understanding the new technologies, but also navigating an evolving legal and regulatory landscape.

Topics Covered:

- Understand California's compliance obligations when using AI tools in the workplace.
- Develop organizational AI policies that align with legal requirements and ethical standards.
- Avoid pitfalls when using AI tools, such as bias, inaccurate information, misuse and deception, and confidentiality concerns.
- Lead your organization through change and address staff concerns around new technologies.

Approved for 1 HRCI or SHRM credits.
See registration page for details.
