BUSINESS WORKSHOP

AI for Business

Get More Customers. Save Time. Reduce Costs.

WEDNESDAY, NOVEMBER 11, 2026 | 5:00 PM | SAN RAMON CHAMBER OF COMMERCE

A hands-on workshop for local business owners and leaders

AI is changing how businesses attract customers, respond to inquiries, and get everyday work done. Join two local business founders for a practical, jargon-free session showing where AI can deliver real value, with examples you can apply to your own business.

WHAT YOU WILL LEARN

- **ATTRACT MORE CUSTOMERS**
  Use AI to strengthen marketing, online visibility, content, and lead follow-up.
- **REDUCE REPETITIVE WORK**
  Explore ways to streamline customer inquiries, scheduling, documents, and internal processes.
- **MAKE SMARTER AI DECISIONS**
  Understand which tasks are good candidates, when not to automate, and how to get started.

WORKSHOP FORMAT | 75 MINUTES

10 min	What AI can and cannot do for small businesses
20 min	AI for marketing, customer acquisition, and follow-up
20 min	AI for business operations, automation, and efficiency
15 min	Live demonstrations using everyday business scenarios
10 min	Audience Q&A and practical next steps
