

HOST A GAMES EXPERIENCE

The event features party and communication games in any location you choose, from a private home to a meeting room, nightclub, or restaurant.

GAMES ARE LED BY A TRAINED FACILITATOR

The event can feature games on advice, relationships, travel, work, business, conflict resolution, nature, whatever you and your group are interested in.

Choose 3 games from over 100 on different topics. You invite the group of 6-12 participants, choose the location, and provide any refreshments. The facilitator brings and leads the games in a 1 to 2 hour program.

GAMES EVENTS CAN BE VIRTUAL, TOO! ON ZOOM OR GOOGLE MEET
