

Guidelines for 8:00am & 10:30am Holy Eucharist:

1. Sign ups are no longer required.
2. During the service, please maintain proper physical distancing. The seating arrangement provides sufficient space between people residing in different households. Do not move the red markers or ropes that designate where not to sit.
3. **Masks will be optional for those who have been vaccinated.** The CDC has confirmed that the risk of serious COVID symptoms for vaccinated people is infinitesimally small. Christ Church has been following CDC guidelines since the beginning of the pandemic, and we will continue to do so. Therefore, if people who are vaccinated choose not to wear a mask, then we will support that decision. We will not be policing vaccination status, but we trust that if you choose to not wear a mask, then you have been vaccinated.
4. If you are at higher risk for illness, stay home. If you do not feel well or have been in contact with someone who has been sick, stay home. If you would like communion brought to you, email [Katie](#). And remember that you are not alone. Reach out to one of the priests or others in the church to stay connected.
5. Communion will be offered in one kind (just the bread).
6. Everyone will enter the church from the front doors (Wright St.) and exit through the west transept (courtyard), so park accordingly. The other buildings will not be open to foot traffic and office doors will remain locked. If you need handicap access, enter through the west transept doors. Sextons will be monitoring the doors to let people through, if needed.
7. Children are most welcome to attend Church. There will also be Children's Chapel in the Parish Hall during the service. All children ages **Pre-K4 through 4<sup>th</sup> grade** are welcome to attend. Parents, if your child would like to be part of children's chapel, please take them to the Parish Hall via the door from the courtyard before entering the sanctuary. Children will not be brought in during the service. After exiting from Communion, please pick up your child from the courtyard entrance to the Parish Hall.
8. At this stage, there will be limited congregational singing. Also, during the service, there will be musical offerings by guest instrumentalists, choir members, and/or organist.
9. At this stage, there will be no nursery but we are working toward resuming nursery.
10. There will not be an offertory as part of the service. Please continue to mail in your offerings, make them online, or text GIVE to 850-403-6673 (the first time will have a quick one-time registration). An offering plate is also present when you come up for communion.
11. If you attend a service and are later diagnosed with COVID-19, notify the church (or a member of the clergy) immediately (850-432-5115) so that we can take the necessary steps to protect others from the spread of the virus.

The Church is the people. You are the Church. And we continue to praise and serve God regardless of whether we can gather together in the same building.
