

Process for Pharmacy Onboarding:

Send Abbott Testing COVID Results Data via DSM to MiHIN for Reporting to the State

1. Submit a help desk ticket to help@mihin.org requesting to be connected with an onboarding coordinator to be onboarded to send Abbott POC testing COVID results data to MiHIN via DSM. A MiHIN onboarding coordinator will be assigned.
2. Fill out the DSM form provided by the coordinator
 - a. *MiHIN Direct Identity Verification and Registration v3 2-28-17*
 - b. Include a copy of identification for the intended DSM account owner
 - c. DSM form must be notarized
3. Submit the DSM form back to your onboarding coordinator
4. MiHIN will provision a DSM sending address for your organization, your onboarding coordinator will provide this information
5. Your onboarding coordinator will work with you to schedule testing and confirm connection
6. Send Abbott testing COVID results data to covidbatch@direct.mihin.net
 - a. Results should be formatted according to the *Abbott Rapid Test Data Export for MDHHS Example spec*
7. Results received by MiHIN will be reported to the State
