

**JFCS invites children of Holocaust Survivors (2Gs) and those who serve 2Gs to join us at our upcoming 2G Town Halls.**

At JFCS, we know that being the second generation comes with its own challenges and unique experiences. Children of Survivors need support as they age, while also wanting to stay connected to their community and the legacy of their parents. Through a new grant from the Jewish Federation of North America, JFCS is developing culturally specific, trauma-informed programming and services that meet the particular needs of children of Holocaust Survivors.

But we need your help to make this program a success! We invite the 2G community as well as providers who work with Holocaust Survivors and their families, to one of two in-person Town Halls to discuss what this program could be, learn about the needs of 2G individuals, and gather feedback. A light dinner will be served at both Town Halls.

**Join us...**

**Thursday, March 16, 6-7:30pm**

Northeast Adult Day Care
