What is an Advance Directive?

It is a **legal document** that states your **medical care wishes** and lists the names of people **who can make** those decisions if you were unable to do so yourself.

It is making the **hard decisions now** so your **loved ones won't** have to later.

It is ensuring you receive the **care you want**.

It is the delivery of **your wishes** to your family, loved ones, and medical professionals.

Contact BCHIP for a **FREE** advance care planning **consultation**.

BCHIP offers confidential support from a trained facilitator.
