

Bucks County Recovery Simulation

Presented by Bucks County Drug
& Alcohol Commission, Inc. and
St. Luke's Penn Foundation

What is a Recovery Simulation?

An event that helps participants experience and better understand the many challenges faced by those in early recovery from substance use disorder.

How does it work?

- Participants will be given a "Life Card" that represents individuals in early recovery
- All tasks on the card must be completed by visiting tables staffed by volunteers. Tasks may include:
 - appearing in court
 - meeting with a probation officer
 - applying for social services
 - visiting a career center
 - working odd jobs
 - borrowing money
 - relying on public transportation
- Following the simulation, participants will have the opportunity to discuss their experiences

Who should attend?

- Criminal justice and human services professionals
- Educators and school administrators
- College students in a related field
- Legislators and faith-based leaders
- Anyone wishing to understand the challenges of early recovery
