

Jefferson Health - Abington Faith Community Nursing Advisory Council presents

“The Current State of Mental Health and Opioid Use in Our Region”

Living with and Learning From Diversity - Caring for People with Compassion and Understanding

The Southeastern PA Community Health Needs Assessment 2022 identified mental health conditions and substance abuse and related disorders as priority needs in our communities.

The terms mental and behavioral health are often used interchangeably. According to the Centers for Medicare and Medicaid Services, behavioral health is defined as the emotional, psychological, and social facets of overall health; it encompasses traditional mental health and substance use disorders, as well as overall psychological well-being.¹

This program will focus on these two identified topics and available resources.

Keynote Speakers:

Nancy DeAngelis, CRNP, MSN; *Director Behavioral Health Services, Jefferson - Abington Hospital*

Joseph Sciandra; *Intelligence Project Manager, Montgomery County Department of Public Safety Homeland Security and Intelligence*

Date: Monday, February 13, 2023
