Strengthening Families Program (SFP) 10-14 is an interactive & educational program designed to help your kids **get ahead while having fun together as a family**. Through the use of preventative tools, SFP 10-14 offers a research-based approach for youth & parents/caregivers to **strengthen bonds and connectedness, learn how to show love while setting limits, handle stresses of early teenage years, and enhance family communication skills.**

THE STRENGTHENING FAMILIES PROGRAM 10-14 IS FUNDED BY A GRANT THROUGH THE BUCKS COUNTY DRUG AND ALCOHOL COMMISSION, INC.
