

Join Us! February 23, 12-1pm, Zoom Understanding Zoning and its Impact

For: Housing and Human Services Providers

Hosted By: Bucks-Mont Collaborative, Montgomery County Office of Housing and Community Development, Tri-County Community Network,
and Your Way Home

Register Today!

Background: In December 2022, MontCo housing providers came together to discuss local challenges and successes in emergency shelter and housing. One of the issues that surfaced is the need for deeper understanding of zoning as a barrier to and tool for solutions. As this issue impacts so many, this training is open to all!

Training Description: This training will introduce providers of homelessness services, supportive housing, and other human services to zoning and how it affects your operations.

Included:

1. Overview of the municipal zoning process in PA and its impact on provider locations and operations
2. Understanding when zoning and land use decisions may violate fair housing laws
3. National examples of inclusive zoning
4. Q & A: Bring your questions!

If possible, please share your questions in advance at registration. Thank you!

Trainer Information: Thank you to Rachel Wentworth, Executive Director of the Housing Equality Center of Pennsylvania, for providing this training!
