

# HOMEOWNERSHIP ASSISTANCE PROGRAM

**For Justice-Impacted Families  
in Montgomery County**

## HOW OUR PROGRAM PREPARES YOU FOR HOMEOWNERSHIP

Homeownership may seem like an unachievable goal – even the idea of buying a home can be daunting for anyone – especially for people impacted by the justice system. That's why Clarifi is offering FREE one-to-one coaching and technical assistance for Montco justice-impacted families who have a goal of homeownership, now or down the road.

Wherever you are in your homebuying journey—whether just starting out or ready to purchase—Clarifi will provide coaching on credit, savings, down payment and more to help you set your goal. We will stay with you until you reach that goal. You may also be eligible for a down payment assistance grant.

### HOW DO I GET STARTED?

- Be a Montgomery County resident
- Be someone or have a family member impacted by the justice system (this could be you or anyone in the family)

### NOT READY TO PURCHASE?

That's OK. Come see us anyway. Give us a call to set up an appointment. Our counselors will help you develop an action plan to move you closer toward homeownership, regardless of your current credit or financial situation.
