

Your Way Home Lived Experience Advisory Team

Purpose and Goals

Your Way Home launched the Lived Experience Advisory Team in August of 2022. The purpose of the Lived Expertise Advisory Team is to make recommendations for improvement and assist with implementation of programs and services. Those serving on the team must be Continuum of Care members with lived/living experience of homelessness. The Team is a leadership development community created and operated by People with Lived/Living Experience and Expertise (PLEE) of homelessness. The Lived Experience Advisory Team is a platform to evaluate and shift power from traditional systems of care to those with lived experience.

Meetings

Meetings are held both virtually over Zoom and in-person at HopeWorx in Norristown (1210 Stanbridge Street, Suite 600, Norristown PA 19401). Meetings are held the last Thursday of every month at 11am. PLEE participants will be compensated for their time and expertise.

For More Information on joining the Lived Experience Advisory Team contact yourwayhome@montgomerycountypa.gov
