## MEMBER EXPERIENCE

“My team is proud to work with the Bucks-Mont Collaborative because we believe in the power of collaboration and collective action. When it comes to addressing the greatest challenges in our communities, no single person, organization, or policy can do it alone. It takes all of us pulling in the same direction – and the Collaborative helps make that happen.”

*Marissa Christie, President & CEO,  
United Way of Bucks County*

“Each year the Collaborative offers many opportunities for learning, networking, and professional growth that helps our organization meet the many needs of our diverse staff. The environment of Collaborative workshops and trainings not only enhances the learning experience, but also creates lasting connections and networks in our communities.”

*Marsha Eichelberger, Executive  
Director, Family Promise Montco PA*
