

ADVANCING DEI UPDATE: BRIDGING LEGAL MANDATES AND ORGANIZATIONAL VALUES

This highly interactive workshop will help nonprofit leaders understand and apply the July 29, 2025 Attorney General memorandum on unlawful discrimination, as well as recent federal guidance. Through real-world scenarios and facilitated dialogue, participants will learn to identify compliance “gray areas,” balance mission with legal obligations, and make values-based decisions that ensure fairness and accountability.

Led by Laura E. Lomax, founder of Intercultural Works and a seasoned leadership development facilitator, this program will explore how recent federal guidance affects nonprofit policies, practices, and funding eligibility, and how to apply fairness, neutrality, and documentation as core compliance anchors to respond confidently to real-world dilemmas while living organizational DEI values and mission.

Monday, December 15

10:00am - 12:30pm
