**Sorry, No walk ins
Registration Required by
March 1st**

See It to Be It

**Discover Your Future presented by
AAUW* in conjunction with
Montgomery County Community
College strives to overturn the
stereotype that girls are less capable,
or not interested in Science,
Technology, Engineering, and Math.**

**This day of interactive workshops is
conducted by outstanding women
leaders and role models in Biology,
Chemistry, Technology, Engineering,
Architecture, Dental Hygiene, Ecology,
and Math who volunteer their time and
talent to inspire girls.**

**The program geared to girls in grades 5
to 8th creates a fun environment to
excite girls with opportunities in STEM.**

**Parents are invited to attend a free
optional session which includes the
Keynote Speaker as well as
presentations from Montgomery
County Community College.**

***AAUW is a non-profit, nonpartisan
organization dedicated to advancing gender
equity for women and girls through
research, education, and advocacy.**
