THE TRUTH ABOUT CANCER (& ALL SERIOUS DISEASES)

Due to its popularity, Dr. Leclair, Homeopath and Functional Medicine Clinical Nutritionist, has consented to offer this course **ONE LAST TIME** on **SUNDAYS** from 12:30 TO 2:30 pm here at St. Luke's **AFTER** the Coffee Hour **STARTING** on February 12th in the Choir Room. It will now be offered Sundays rather than Mondays so that she can devote proper time to her busy practice.

Following immediately after this last-time-offered 10-week series, she will be offering an Advanced Course called: **ALL ABOUT NUTRITION: What You Didn't Know That You REALLY Didn't Know!**
(**Prerequisite:** THE TRUTH ABOUT CANCER (& ALL SERIOUS DISEASES))

"These TWO courses cover how the ordinary person can **prevent cancer and serious diseases** most effectively **and greatly improve their General Health**. It covers information from internationally recognized and renowned Cancer Researchers and Clinicians (MD's, ND's, DO's, Homeopathic Doctors (DHM's) and Functional Medicine Specialists) in the KNOW if one should be diagnosed. Also included **are testimonies upon testimonies from Advanced Cancer survivors alive and THRIVING 10 to 35 years AFTER receiving their Advanced Cancer diagnoses from Conventional Medicine Oncologists (MD's) but choosing instead to use proven non-conventional treatments!** You will learn that more than 95% of cancers are NOT an eventual death sentence, even the "bad" ones and are very effectively treated humanely, without the painful, damaging and often fatal treatments generally offered.

The whole idea of this series is to spread this good news to as many people as possible to ease the general sense of fear, helplessness and confusion around Cancer and other serious diseases. You will begin to re-claim control over your own body and life. For that reason, it is also entirely free. Since it is so freely offered, one thing is required of the participants and that is:

Persons must attend the first two sessions of this dynamic and fascinating series...

THE TRUTH ABOUT CANCER (& ALL CHRONIC DISEASES)

...in order to continue participation in the rest of the Series AND in the NUTRITION COURSE which follows. It is just TOO disruptive for people to come in later (*without the vital background information covered in the first two sessions*). Any Exceptions must be pre-approved by Dr. Leclair.

Please Phone or Visit the Church Office to REGISTER for this free series with *Dr. T. Dayana Leclair!*
