

Canadian Warmbloods Excel at the 2025 Jump Alberta Awards

Congratulations to Janice Tyndall and Sheilagh Kelly, breeders of **Ruby Edition TP** (Gallup x Cheops) winner of the Jump Alberta Four Year Old Performance Championship. Truly a made in Canada young mare. Her dam sire Cheops Z was one of Canada's early Warmblood stallions that injected the genetics of the important Holstiener blood lines, Cor de la Bryere, Capitol I as well as Lord and Ramiro, into the Canadian population. Photo S.C. capturing The Moment photography

Her sire Gallop is also a Canadian bred stallion by the famous Hickstead. Gallop added the characteristics of a modern sport horse to the mix with the result that Ruby Edition TP is an attractive mare with tremendous scope.

Jump Alberta is a not for profit organization dedicated to the sport of equestrian show jumping. It's jumping series classes are offered at several shows in Alberta throughout the year. Year end awards are presented in various classes for riders and horses including young horse performance and development for horses four to seven years old.

Joining Ruby Edition for 2025 year end awards were fifteen other Canadian Warmbloods.
