

Join us in celebrating
MedNet's 30th year of service
and the Voluntary Initiative Program (VIP)'s
25th Year of service!

Please join us for an evening of celebration as we honor two extraordinary milestones in the Medical Society of Delaware's commitment to Delaware physicians and patients:

MedNet's
30th Year of Service

MSD's Voluntary
Initiative Program
(VIP)'s 25th
Year of Service

This event is now open to **practice managers and administrators**,
in addition to physician members.

This special event is our opportunity to recognize three decades of MedNet's support of Delaware's independent physician community and twenty-five years of the VIP program's dedication to improving access to care for Delawareans.

There is no cost for MedNet and VIP Physicians to attend.

MedNet and VIP Physicians are welcome to bring one guest or spouse.

We hope you will join us as we celebrate these remarkable milestones and the people who have made them possible.

If you have any questions, please contact:

Lori Ann Rhoads

Director of Health System Innovation

Medical Society of Delaware
