

Office of the Governor  
**JOHN CARNEY**

## Delaware COVID-19 Vaccine Update

### **DELAWARE VACCINE PROGRAM**

On Tuesday, March 16, Governor John Carney and the Delaware Division on Public Health [announced](#) an expansion of Delaware's COVID-19 vaccination program:

**Beginning March 17, 2021:**

- Pharmacies in Delaware may begin vaccinating Delawareans aged 50+.
- Health care providers and hospital systems may vaccinate patients 16+ with **high and moderate risk medical conditions**.
- Non-paid caregivers of Delawareans with **high and moderate-risk medical conditions** may also qualify for vaccination through medical providers.

**Beginning March 23, 2021:**

- State of Delaware will open the COVID-19 vaccination waiting list to any Delawarean 50+.

**Ongoing:**

- Vaccinating 65+ Delawareans who are registered on the state's waiting list
- Partnering with employers to vaccinate frontline and other essential workers
- Distributing the vaccine in a way that's fast and fair

**Our goal remains the same.** We want to distribute this vaccine in a way that's fast and fair. Until we can get enough Delawareans vaccinated, let's all do our part. Wear a mask. Avoid large gatherings. There is a light at the end of the tunnel. Stay vigilant.
