

Anthony Alioto, Ph.D., ABPP serves the Clinical Director for both the Section of Pediatric Psychology Specialty Care and the Gender Wellness Program at Nemours Children's Hospital in Wilmington, Delaware. He has double board certification in clinical child and adolescent psychology and clinical biofeedback. As a teacher and mentor, he has served as internship training director, and he has trained dozens of psychology pre-doctoral interns/residents and post-doctoral fellows over the past 23 years. Dr. Alioto provides workshops and trainings for other medical and mental health clinicians about transgender mental health and evaluation for gender-affirming medical treatments. He has focused his clinical and scholarly work in several areas over the decades, including pediatric gastroenterology, inpatient consultation/liaison, development of biofeedback protocols for pediatric patients, and transgender mental health care. His writing experiences include co-authoring scholarly articles and book chapters in these areas. Dr. Alioto has served on the editorial board for *Clinical Practice in Pediatric Psychology*. His awards include APA Fellow status and the Carolyn Schroeder Award for Outstanding Clinical Practice in Pediatric Psychology.
