

Paul Enlow, PhD

Dr. Enlow is an Assistant Research Scientist in the Center for Healthcare Delivery Science and Pediatric Psychologist in the Division of Behavioral Health at Nemours Children's Hospital, Delaware. He earned his PhD in Clinical Child Psychology from West Virginia University and completed his pre-doctoral internship and post-doctoral fellowship at Nemours Children's Hospital, Delaware. Dr. Enlow's program of research aims to use community-based participatory research methods to develop and test interventions to promote health equity among youth. Specifically, his research focuses on vaccine hesitancy and youth with type 1 diabetes. In addition to conducting research, he provides behavioral health services to youth in the inpatient and outpatient rehabilitation programs at Nemours Children's Hospital, Delaware.
