

2021 Physician Licensure & CSR Renewal FACT SHEET

MSD reminds our physicians that 2021 is a renewal year for both licensure and Controlled Substance Registration.

Licensure Renewal – Deadline is March 31, 2021.

- CME Credits – 40 CME credits are required for licensure renewal.
 - Website link - <https://dpr.delaware.gov/delpros-2/>.
 - You DO NOT need to enter your credits individually or upload any documentation.
 - The system will allow you to enter the number of CME credit hours you have earned for the licensure year, for example if you earned 100 CME credit hours, enter 100 hours.
 - You can enter “transcript” or “CME transcript” rather than identifying each individual course name.
 - At the time of an audit, the State would provide you with specific instructions on entering CMEs in the Tracker and providing documentation.
 - **As part of the licensure renewal process, the Child Abuse Mandatory Reporting training is required.**

Mandatory Training – Child Abuse Mandatory Reporting (1 Hour)

- This is the ONLY approved course for meeting the requirement (30 minute refresher course is not acceptable for licensure renewal).
